

By Provested IT Solutions

MAKE YOUR SCHOOL'S SOCIAL MEDIA FEEL ALIVE

A comprehensive social storytelling and community management team that transforms your channels into an inviting front door without you having to lift a finger.

WHY IT MATTERS

Families look online first. Often before an open day, an enrolment form or a visit. A quiet channel sends the wrong signal. Active, responsive storytelling shows a thriving community and the great public school facilities available to students.

WHAT WE HANDLE

- Strategy
- Term planning and channel optimisation
- Posts and Reels
- Photography
- Captions and graphics
- Weekly moderation and warm responses
- End-of-term reporting on growth and engagement

HOW SCHOOL STORIES WORKS

We learn your school

A short onboarding session helps us understand your school's voice, calendar, priorities, key dates, enrolment goals and community tone.

You share the moments

Your team simply shares key dates, events and occasional updates. We take it from there.

Families see a school that feels active

Everything is delivered under your school's own brand, so families see a confident, consistent and responsive school presence.

We create and manage the content

We plan, write, design, post and manage your school's social media channels throughout the term.

WHAT'S INCLUDED EACH TERM

1 Content Strategy We plan, write, design, post and manage your school's social media channels throughout the term.	2 2-3 School Visits We capture events, classrooms, culture and community moments that show what makes your school special.	3 Storytelling Content Strategic posts, captions, graphics, photography direction, short-form videos and reels that capture school life.
4 Community Management Weekly monitoring, comment moderation, warm responses and escalation of anything sensitive.	5 Channel Optimisation Profile refresh, bio updates, page settings, accessibility improvements and discoverability checks.	6 Reporting & Insights End-of-term snapshot showing growth, reach, engagement, response performance and content that resonated most.
